

Supplemental Figure 1: Validation of knockdown efficiency for sh-/si-RNA.

(A) Evaluation of sh-ITLN1 efficacy in NCM460 cells by qRT-PCR, and (B) Western blotting.

(C) Evaluation of si-TRIM8 efficacy in NCM460 cells by qRT-PCR.

(D) Evaluation of sh-ITLN1 efficacy in colon tissues of IL-10 KO mice.

ITLN1, intelectin-1; TRIM8, tripartite motif containing 8; IL-10 KO, IL-10 knock-out.
